

Following the successful fundraising by everyone at Barlby Bridge Primary School, we are pleased to announce that we have been able to purchase our own defibrillator.

Sadly children and young people can suffer sudden cardiac arrest, as well as the older population. Medical experts believe many children could be saved if a defibrillator is used within minutes of collapse.

The defibrillator will become another part of our first aid provision in school. All staff will receive training after Christmas on how to use it.

Thank you for your help to provide such vital, lifesaving equipment.
