

Dear Parents,

Below are links to a variety of home learning packs, websites and resources that will support your child's learning whilst school is closed. Some of the links offer free access to subscription websites for a set period of time, some give limited access to the site whilst others are free and available all year. All of the activities, planning and resources link to planned National Curriculum work undertaken in school. These are to offer additional educational opportunities to run alongside the work packs that were sent home with your child.

Online Links to Support Home Learning			
EYFS	Key Stage 1	Key Stage 2	Whole School
